

# Where do you do it Guide

**2013 Edition**

Prepared and produced by Simon Freeman of the Academy of Interactive Entertainment on behalf of the National Association of Prospective Student Advisers (NAPSA) NSW and ACT Chapter

## **ABOUT THIS GUIDE**

The *2013 Where Do You Do It* guide offers a summary of courses on offer at universities and other registered training organisations based in NSW and the ACT.

*Where Do You Do It* is intended as a **guide only** - it does not list specific degrees and uses only the name of the institution and **not the individual campuses**. You are advised to enquire about where institutions offer their programs and accommodation options if you will be leaving home to pursue tertiary study.

This publication can be used to find out which universities and registered training organisations offer the type of course/s you are interested in *before* you attend a Careers Market or Tertiary Information Day. This preparation will enable you to use your time at the event to your best advantage.

The 2013 UAC Guide, published by the Universities Admissions Centre (UAC), provides details on courses, institutions and application procedures for most university courses on offer in NSW/ACT. The UAC Guide will be available in July 2013 from your Careers Adviser.

Applications for courses not listed in the 2013 UAC guide are made directly to the relevant tertiary institution. Please contact each institution directly to gain more information on course details and application procedures.

\* Programs marked with an asterisk are either awarded by a University as a degree or articulate into a University degree. Please speak with the provider directly about details of this course and articulation pathway.
